Dear Greek Week Chapter Representatives,

Welcome to the Best Greek Week Ever!! We would like to wish all teams the best of luck in this year's Greek Week events! We hope this manual will give you all the resources you need to ensure that this year's Greek Week is organized and prepared. If you have any questions about the rules, events, or Greek Week in general, please do not hesitate to contact one of the chairs or any member of the Greek Week committee.

First and foremost, we want to thank our wonderful committee and fantastic advisors that were always available for ideas and questions! Without them, Greek Week could never have been such a wonderful event! Greek Week 2013 work has been in progress since early last fall and our committee members have put in a lot of time and effort to make this week the best possible event for the entire Greek community. Without the efforts of our Greek Week committee, our jobs would have been impossible.

Although we are sure that all the teams are very excited to begin a week filled with competition and team pride, let's not forget why we all do this each and every year: to have fun, help the community, make memories, and to celebrate as an entire Greek community what it really means to be Greek at Southeast. Greek Week is supposed to be fun and enjoyable, not a chore. Try not to get so caught up in the competition aspect of the week by relaxing, having a good time, and putting forth your team's best effort.

With that said, we all know how much work the individual teams put into this week. The committee is sure that your tireless efforts will ultimately pay off in the end. Going forward, let the games begin, let the competition be tough, and let the spirit run wild, but ultimately, let the fun and laughter be the focus of each day. The tagline to the original show "The Best Week Ever" was "It's everything you love, everything you missed, and all the stuff you need to see again." Greek Week only comes around once a year. It's a time when we get to celebrate everything we love, participate in everything we miss, and in the end, we'll want to watch it all over again.

Best of Luck to All Teams,

Spirit Participation:

Any fraternity or sorority that posts a picture on Facebook or tweets a picture to the respective Greek Week social media site in a photo of any size group of their members eating at a designated restaurant will receive 10 points. This is not a competition we just merely want any picture submitted that shows your fraternity or sorority participated.

Sales:

All receipts of members of fraternities and sororities from a participating restaurant of the Dine-Out event should be turned in to Diane Langenfeld (call or message her on Facebook to make a meeting time/place to hand them off) by the end of Thursday the 18th.

- Each receipt needs to have written on it the fraternity or sorority it belongs to.
 - **IF NOT WRITTEN IT WILL BE DISREGARDED**
- The location will be verified that it was a participating restaurant.
- Also, the date will be verified it was on the day of the event.

The amount spent will be totaled with all fraternity and sorority members in a partnership together.

Selecting a Greek God or Goddess

Select a God or Goddess, and notify Laura Scott no later than March 15.

- There will be a meeting for all Greek Gods and Goddesses April 2, at 7pm, location TBA.
- If an individual is unable to attend, they should notify Laura and send someone else to get the information.
- When selecting a Greek God or Goddess, consider someone that is a reflection of your organization's values. As you'll notice, "incorporation of values" is emphasized in the overall scoring for each event in which the Gods and Goddesses will compete.

Competitions

Values YouTube Video

- Individuals will be required to create a video showcasing a value they have chosen.
 - Video should involve them "living out" the value in some way.
 - The core value should be reasonably obvious to the viewer (Check with your brothers/sisters to make sure they know!).
 - Can use any editing software, or it can be one long take.
 - 1-2 minutes.
- Videos should be done on own time and uploaded to YouTube
- Then send a link to Laura by the end of Monday, April 8.
- Be Creative!
- If you'd like to collaborate with the God/Goddess from your chapter's partner, you may do so. But make sure you're each living out the value or values you're showcasing.
- If you choose to collaborate, make sure you BOTH notify Laura.
- Videos will be judged on content and not editing abilities.

Greek Sing: Q&A

- During Greek Sing, individuals will participate in a Question and Answer session.

- Q&A: Questions will be reflective questions about Greek values, chapter founders, and their personal Greek experiences.
 - This gives the participant the opportunity to tailor his/her answer so that it's both personal, insightful, and centers around his/her chapter's values.
- Dress / Appearance will not be taken into account when scoring
- Examples of possible questions:
 - How would you describe a man or woman of values?
 - Name a significant Founder of your organization. How did they exemplify your organization's values?
 - Brag on one of your brothers or sisters. How does he / she reflect your organizations values?
 - If you could change one thing about the Greek system, what would it be and why?
 - Name one fictional person that would rush your organization and why?
 - Name a song that represents your chapter and why?
 - What reality TV show would you want to be on and why?
 - What celebrity would join your chapter and why?
 - And so on...

Greek Sing: Talent

- During Greek Sing, Greek Gods and Goddesses will be given up to 3 minutes to perform a talent.
- Gods and Goddesses are encouraged to think of their own definition of talent.
- Talents must be reported to Laura Scott no later than the Friday before Greek Week.
- The scoring sheet below should help when brainstorm what does / doesn't constitute a talent.
- Remember: try to incorporate your organization's values wherever possible!

Greek Games: Parade of Gods and Goddesses

- To kick off the return of the Greek Games, there will be a parade of the Greek Gods and Greek Goddesses
- Individuals will walk with their counterpart from their chapter's partner.
- Groups will be given a song prior to the Parade.

Group Activity: Penny Races

- Each God/Goddess and his/her partner(s) will choose a charity for which they would like to raise donations.
- During common hour (Noon, April 17), all Gods and Goddesses will meet at the UC to collect donations for their charity.
- Donations of all types will be accepted.
- The pair that receives the greatest amount in donations will be able to put all of the money raised toward their chosen charity.
- Points will be given for attendance. As long as the God/Goddess attends, he/she will receive all possible points.

- Learn about your cause. Have some facts ready to go so you can persuade people to donate to your charity.
- You're not required to sit at your table the entire time. We encourage that you walk around the dining facilities to ask for donations.

Pyramid Race: (30% of total points)

Event Explanation:

In this event the members of a group will build a pyramid by climbing on top of each other with each level having one less person on it then the level before it. To ensure the pyramid is stable, a baton must be passed from the bottom row to the top row, hand to hand.

Basic Rules

1. Each group must submit a ten-person teams consisting of five fraternity members and five sorority members. Fraternities and sororities are each allowed one sub.
2. Shoes must be worn. No participant is allowed to wear spiked shoes of any kind.
3. The event will be timed from when the first member leaves the starting line until the whistle attached to the baton is blown. After penalties are added the top three times will place.
4. Each successive row will start when the previous row has completely set themselves.
4. In order to eliminate controversies, each team's time will be the average of the two timers in their block.

5. Any ties will be resolved by a run-off of the tied teams. The fastest team will be ranked accordingly (even if slower than the previous time).
6. The course will consist of (#) blocks, (the size of the space) each. Each block will have a starting line and a building line.
7. Each block will have one starting line/building judge, and 2 timers.

Event Rules

1. The first row will begin the event simultaneously for the three blocks. The judge will blow the whistle when the first row can leave the starting line.
2. One false start will be allowed for each team. A second false start will result in elimination.
3. If a team builds a pyramid, but is not on the building line, the time will not stop until the pyramid is on the line or the time limit elapses.
4. Pyramids must be built in a 4-3-2-1 ascending order.
5. It is the responsibility of the building line judge to inform the team if they are not on the building line.
6. All ten participants must kneel in a conventional kneeling position with their hands and knees touching either the ground or the people below them. No participant is allowed to lie down in the prone position. No forearms or elbows may touch the ground or the person below them on the pyramid.
7. The pyramid will be considered set when each participant is in a controlled position with hands and knees on the ground or the person below them.
8. Each team can have no more than one member in the pit to call set for that team. The member will be considered the coach and is responsible for handing the bottom row the baton.
9. No participant can move once set has been called. If a judge determines that any participant moves one of their points of contact (i.e. hands, feet, legs) a 5 second penalty will be added for each member who moves.
10. Once the 10th participant is set on the top of the pyramid the bottom row will be given a baton with a whistle attached, and will pass the baton to the top of the pyramid.
11. The baton must be passed from hand to hand. The baton may not be thrown. If at any time the baton leaves the participants hands a 15 second penalty will be added. The timing will stop when the whistle is blown by the participant on the top of the pyramid.
12. If the pyramid collapses, the pyramid must be rebuilt before the time limit elapses.
13. Each team or coach will call out set when a row is completely formed. The timer assigned to each group will stop his or her watch when the whistle is blown. The discrepancy of each judge's time will be resolved by averaging the times.
14. When constructing and dismounting the pyramid a participant may not perform any grand standing maneuvers (i.e. standing, flips, twisting, etc.). Violations of this rule will result in a disqualification (DQ).
15. The time limit will be 6 minutes.

Event Scoring

The event will be timed from when the first member leaves the starting line until the whistle attached to the baton is blown. After penalties are added the top three times will place.

Football Toss: (10% of total points)

Event Explanation

In this event each group must submit 4 participants, 2 sorority women and 2 fraternity men. Each participant will get one minute to throw as many standard size footballs through a hoop as they can. The hoops will be 5 yards away from each throwing line. A judge will blow a whistle when the participant can begin their turn. One team will compete at a time. Each football that passes through the hoop will count as a point. There will be one judge to keep time, one line judge and one judge monitoring the hoop. There will also be volunteers to collect all thrown footballs. The three highest scoring teams will place.

Event Rules

1. Each participant will have one minute to complete as many throws as possible.
2. Each team must alternate between female and male (i.e. male/female/male/female or female/male/female/male).
3. A point will be awarded only if the football passes through the hoop.
4. No participant may step over the throwing line. The first offense will be given a warning. Each participant who steps over the line after the first warning will be disqualified from the event.
5. Each team may have one sub, but must be of the same gender as the person they are replacing (i.e. a female can only sub for a female; a male only for a male).

Event Scoring

The completed number of throws for each member of a team will be added together. The team's final total will consist of four individual scores. The top three team scores will place.

Event Explanation

Event Rules

1. Each participant must finish the hot wing entirely
2. No utensils will be provided. Participant can only use hands and teeth.
3. Each participant will be assigned a judge. The judge will keep the wing count and watch that the rules are followed.
4. Fastest three to finish wings completely will place.
5. Maximum event time is 4 minutes.
6. Each participant will be given 10 boneless wings.
7. Water will be provided during the event.

Event Scoring

The top three participants with the fastest time will place.

Tug-of-War: (20% of total points)

General Rules

1. Each pairing must have 3 males and 3 females participating.
2. Each team will take their side and hold the rope tight with no slack.
3. The team will wait to begin pulling until the official notifies them to start.
4. The first team to be pulled across the middle loses.
5. This will be a tournament to determine places.
6. Tournament bracket will be determined by random selection by the Greek Games Co-Chairs

Kickball Tournament: (30% of total points)

General Rules

1. Games will be played with ten players. A team may begin a game with a minimum of eight players.
2. Greek Week Steering Committee will provide balls.

3. Game time is forfeit time.
4. Games consist of four innings or 20 minutes. No inning shall start after 20 minutes has elapsed from the start of the game. The plate umpire holds the official timepiece.
5. Two complete innings constitutes a complete game.
6. 10 run rule for each inning.
7. All team members must bat.
8. The ball has to cross the plate before it may be kicked.

Game Rules

1. The kicker must contact the ball behind the kicking line. If, in the umpire's discretion, the kicker contacts the ball past the line, the kicker will be called out and runners will return to the base occupied at the pitch
2. If a base runner goes out of the base path to avoid being tagged, they are out. A player is not required to slide into a base, however, a player may not deliberately or otherwise crash into, or take-out, a fielder who is attempting to make or complete a play
3. A player kicking the ball can be forced out at a base or tagged out with the ball. If the ball is thrown at a runner to tag him/her out they must be hit below the chest.
4. There is no stealing or leading off the base. A player may not leave a base until the ball is kicked.
5. **No steel-cleated shoes allowed.** Shoes must be made of a soft, pliable sole.
6. In order to prevent stalling tactics, an inning has officially started when the last kicker scores or is put out of the previous inning

Substitutions

1. All substitutions must be reported to the scorekeeper. Any player may be substituted or replaced and re-entered once, providing players occupy the same batting positions whenever in the lineup. Players may not re-enter a second time. The starting player and his/her substitute may not be in the lineup at the same time. If a player re-enters the game a second time or a player re-enters the game in a position in the batting order other than their original starting position or substitute position, this is considered an illegal re-entry. PENALTY: The player who re-entered illegally is considered an illegal player and is restricted to the dugout. He/she may not participate for the remainder of the game.
2. Teams are permitted (but not required) to have two (2) extra players (EP) in the lineup. This is simply considered an additional position, but the player doesn't play in the field. However, the extra players may switch positions with a field player. The only stipulation is that the batting order may not change. A substitute may enter the game into the extra player's position. That player is now considered the extra player. The extra player may bat anywhere in the lineup (But may not switch lineup positions with a substituted player). Teams that begin the game without extra players (EP) may not use extra players (EP) later in the game.
3. If an extra player is used both a male and female extra players are required. A team may have either 10 or 12 lineup spots but not 11.
4. If a player must leave the game and there is no substitute available, when it is that players turn to bat an out will be declared. If a runner must leave the game and there is no substitute available then the runner will be declared out.

Ball In/Out of Play

1. The ball is out of play when it has wholly crossed the imaginary line of the backstop extended indefinitely down either baseline. When a ball is in play and overthrown (beyond the boundary lines) or is blocked, all runners will be awarded one base and the award will be governed by the positioning of runners when the ball left the fielder's hand.

2. Overthrows: All Runner(s) will be awarded two bases from the last base legally touched. The award will be governed by the position of the runner(s) when the ball left the throwers hand.
3. Catch and Carry: If a player catches a fly ball in a playable territory, then goes out of play with the ball in their possession, the runner(s) advance one base (if intentional, the runner(s) advance two bases)

Pitching Regulations

1. The pitcher must take a position with both feet firmly on the ground and with one or both feet in contact with the pitcher's plate. The pitcher's pivot foot must be in contact with the pitcher's plate throughout the delivery.
2. The pitcher must roll the ball over the plate. If it is bounced it is declared a NO PITCH and the pitch must be repeated.
3. Any un-kicked ball crossing the plate is an out. One foul ball is allowed. The pitcher has 3 chances to get the ball over the plate. Not doing so will result in the kicker advancing to 1st base.

Penalties

1. If a flagrant attempt is made to injure a participant striking him/her with the ball, this action will result in individual or team disqualification from the tournament.

Team Modifications

1. A team line-up consists of 8, 9, 10, or 12 players. 10 players play in the field with 2 extra hitters (EH), one male and one female. Teams must have 8 players to begin a game. The following combinations are the only acceptable combinations: 4M / 4F, 5M / 4F, 4M / 5F, 5M / 5F, 6M / 6F.
2. In the event that a team has nine players, that team may select to use all 9 players and take an out in the 10th position in the batting order. Then, all 9 players will be permitted to play defense. OR, the team may play with 8 players in the line-up & 1 substitute. No outs will be assessed in the batting order if they choose to play with 8 players, but only those 8 players may play in the field.
3. The batting order shall alternate male and female batters.
4. If a male batter is walked with 0 or 1 out, he will be awarded 2nd base and the next female MUST kick. If a male batter is walked with 2 outs, he will be awarded 2nd base and the female has the option of batting or taking a walk. If a female walks at anytime in the game, she will be awarded 1st base only.
5. Defensive positioning shall include 2 males and 2 females in the outfield and the 2 males and 2 females in the infield. Males and females may be distributed on either side of the field in any way (males at 3B and SS OR males at SS and 1B, etc). Either the pitcher or catcher must be a female, the other a male.

Event Scoring

The teams will participate in a single elimination tournament. The top three teams will place.
